A dark, grainy image of a night sky filled with stars. A bright, overexposed light source, possibly a camera flash or a star, is visible in the upper left quadrant. The word "ccc" is partially visible in the bottom left corner.

Sie gelten als Fan von Microsoft. Wird München von Linux auf Microsoft umsteigen?

Ich gebe zu, die Entscheidung der Stadt, Linux einzuführen, hat mich überrascht. Wir sind auf den Open-Source-Zug aufgesprungen, doch Open-Source-Anwendungen hinken gelegentlich den Microsoftanwendungen hinterher. Ich kann ein Lied davon singen... Auch bei den Mitarbeiterinnen und Mitarbeitern ist das ein großes Thema. Das haben die Kommentare im „Great Place to Work“-Forum gezeigt. Ich möchte deshalb für die Kolleginnen und Kollegen vor Ort die bestmögliche Lösung finden und habe das mit den IT-Verantwortlichen auch schon in diesem Sinne diskutiert. Ich bin gespannt auf die Vorschläge.

Dieter Reiter, freshly elected mayor of Munich, outed himself as “Fan of Microsoft”.

Not so long ago he convinced Microsoft to move its German headquartes to Munich. That will happen in 2016.

What might be in for Microsoft?
